Welcome to the Mariager Fjord

PANORAMA-Route

The uniqueness of this walking trail is the location by the Fjord and the amazing lookout points it provides.

The trail passes through continuously changing landscapes from beach meadows, open grasslands and creek valleys to Juniper thickets and small forests surprising the visitor with fantastic views.

The 10 kilometers long hiking route begins at Hobro Marina and is accessible for most people. Along the way, you will find benches ideal for a pit stop to enjoy the view and the scenery.

The hike takes about 3 hours to complete, and is a combination of paths, grass tracks and gravel roads.

About half way, a couple of restaurants are a great excuse for a rest. Restaurant Bramslev Bakker is right on the trail and has a panorama deck overlooking the Fjord.

The other is Hotel & Restaurant Bramslevgaard at the end of a valley, 500 m from the trail. This is an excellent opportunity for dining in beautiful surroundings after a nice hike.

On the way back to Hobro, you can walk along the inlet, Mariager Fjord – a beautiful route as well.

The walking trail is well marked with signs and poles with white markings providing direction, but you will also be able to find information about the walking trail at the parking lot at the marina and in Bramslev Bakker.

	Green	2,3 Km
	Blue	5,8 Km
	Yellow	3,9 Km
	Red, short	2,6 Km
	Red, long	4,9 Km
